#### 2. HAZARDS IDENTIFICATION

#### **Classification**

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

Serious eye damage/eye irritation

#### GHS Label elements, including precautionary statements

#### **Emergency Overview**

| Signal word                   | Warning        |        |      |                        |
|-------------------------------|----------------|--------|------|------------------------|
| Hazard Statements             |                |        |      |                        |
| Causes serious eye irritation |                |        |      |                        |
|                               |                |        |      |                        |
| Appearance Clear, pale yellow | Physical State | Liquid | Odor | Citrus, herbal, bleach |

#### **Precautionary Statements - Prevention**

Wash hands and any exposed skin thoroughly after handling. Wear eye protection/face protection such as safety glasses.

#### Precautionary Statements - Response

#### Eyes

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

#### **Precautionary Statements - Storage**

None

Precautionary Statements - Disposal

None

Hazards not otherwise classified (HNOC)

Not applicable.

<u>Unknown Toxicity</u> 0.08% of the mixture consists of ingredient(s) of unknown toxicity

#### Other information

Toxic to aquatic life with long lasting effects.

#### Interactions with Other Chemicals

Reacts with other household chemicals such as toilet bowl cleaners, rust removers, acids, and ammonia-containing products to produce hazardous gases, such as chlorine and other chlorinated compounds.

Category 2A

# 3. COMPOSITION/INFORMATION ON INGREDIENTS

| Chemical Name  | CAS-No Weight % Trade  |                            | Trade Secret |
|--|--|----------------------------|--------------|
| Sodium hypochlorite  | 7681-52-9 1 - 5 *  |                            | *            |
| Sodium hydroxide   | 1310-73-2  | 0.1 - 1                    | *            |
| * The exact perc   | entage (concentration) of composition has  | been withheld as a trade s | secret.      |
|  | 4. FIRST AID MEASURI   | ES                         |              |
| First aid measures   |  |                            |              |
| General Advice   | Show this safety data sheet to the docto   | or in attendance.          |              |
| Eye Contact  | Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes.<br>Remove contact lenses, if present and easy to do. Continue rinsing. Keep eye wide open<br>while rinsing. Do not rub affected area. Get medical attention if irritation develops and<br>persists. |                            |              |
| Skin Contact   | Take off contaminated clothing. Rinse skin with plenty of water. If irritation develops, call a doctor.  |                            |              |
| Inhalation   | Move to fresh air. If breathing is affected, call a doctor.  |                            |              |
| Ingestion  | Drink a glassful of water. Call a poison control center or doctor immediately. DO NOT induce vomiting unless told to do so by a poison control center or doctor.   |                            |              |
| Protection of First-aiders   | Avoid contact with skin, eyes or clothing. Use personal protective equipment as required. Wear personal protective clothing (see section 8).   |                            |              |
| Most important symptoms and effects, both acute and delayed                |  |                            |              |
| Most Important Symptoms and<br>Effects                                     | Stinging and irritation of eyes.   |                            |              |
| Indication of any immediate medical attention and special treatment needed |  |                            |              |
| Notes to Physician   | Treat symptomatically.   |                            |              |

# **5. FIRE-FIGHTING MEASURES**

#### Suitable Extinguishing Media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

#### **Unsuitable Extinguishing Media**

CAUTION: Use of water spray when fighting fire may be inefficient.

#### Specific Hazards Arising from the Chemical

No information available.

#### **Explosion Data**

Sensitivity to Mechanical Impact None.

Sensitivity to Static Discharge None.

#### Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

#### 6. ACCIDENTAL RELEASE MEASURES

#### Personal precautions, protective equipment and emergency procedures

| Personal Precautions               | Avoid contact with eyes, skin, and clothing. Use personal protective equipment as required.  |  |
|------------------------------------|--|--|
| Other Information                  | Refer to protective measures listed in Sections 7 and 8.   |  |
| Environmental precautions          |  |  |
| Environmental Precautions          | See Section 12 for ecological Information.   |  |
| Methods and material for containme | ent and cleaning up  |  |
| Methods for Containment            | Prevent further leakage or spillage if safe to do so.  |  |
| Methods for Cleaning Up            | Absorb and containerize. Wash residual down to sanitary sewer. Contact the sanitary treatment facility in advance to assure ability to process washed-down material. |  |

#### 7. HANDLING AND STORAGE

# Precautions for safe handling Handling Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes and clothing. Do not eat, drink or smoke when using this product. Conditions for safe storage, including any incompatibilities Storage Keep containers tightly closed in a dry, cool and well-ventilated place. Toilet bowl cleaners, rust removers, acids, and ammonia-containing products.

# 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### **Control parameters**

#### Exposure Guidelines

| Chemical Name                 | ACGIH TLV                    | OSHA PEL                 | NIOSH IDLH   |
|-------------------------------|------------------------------|--------------------------|--|
| Sodium hydroxide<br>1310-73-2 | Ceiling: 2 mg/m <sup>3</sup> | TWA: 2 mg/m <sup>3</sup> | IDLH: 10 mg/m <sup>3</sup><br>Ceiling: 2 mg/m <sup>3</sup> |

ACGIH TLV: American Conference of Governmental Industrial Hygienists - Threshold Limit Value. OSHA PEL: Occupational Safety and Health Administration - Permissible Exposure Limits. NIOSH IDLH: Immediately Dangerous to Life or Health.

#### Appropriate engineering controls

| Engineering Measures               | Showers<br>Eyewash stations<br>Ventilation systems  |
|------------------------------------|---|
| Individual protection measures, su | ich as personal protective equipment  |
| Eye/Face Protection                | If splashes are likely to occur: Wear safety glasses with side shields (or goggles). None required for consumer use.  |
| Skin and Body Protection           | Wear rubber or neoprene gloves if there is the potential for repeated or prolonged skin contact.  |
| Respiratory Protection             | If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations. |
| Hygiene Measures                   | Remove and wash contaminated clothing before re-use. Avoid contact with skin, eyes or clothing. Do not eat, drink or smoke when using this product.   |

# 9. PHYSICAL AND CHEMICAL PROPERTIES

#### **Physical and Chemical Properties**

| Physical State                      | Liquid            |                 | <b>e</b>                 |
|-------------------------------------|-------------------|-----------------|--------------------------|
| Appearance                          | Clear             | Odor            | Citrus, herbal, bleach   |
| Color                               | Pale yellow       | Odor Threshold  | No information available |
| Property                            | Values            | Remarks/ Method |                          |
| Ha                                  | ~12.5             | None known      |                          |
| Melting/freezing point              | No data available | None known      |                          |
| Boiling point / boiling range       | No data available | None known      |                          |
| Flash Point                         | Not flammable     | None known      |                          |
| Evaporation rate                    | No data available | None known      |                          |
| Flammability (solid, gas)           | No data available | None known      |                          |
| Flammability Limits in Air          |                   |                 |                          |
| Upper flammability limit            | No data available | None known      |                          |
| Lower flammability limit            | No data available | None known      |                          |
| -                                   |                   |                 |                          |
| Vapor pressure                      | No data available | None known      |                          |
| Vapor density                       | No data available | None known      |                          |
| Specific Gravity                    | ~1.05             | None known      |                          |
| Water Solubility                    | Soluble in water  | None known      |                          |
| Solubility in other solvents        | No data available | None known      |                          |
| Partition coefficient: n-octanol/wa |                   | None known      |                          |
| Autoignition temperature            | No data available | None known      |                          |
| Decomposition temperature           | No data available | None known      |                          |
| Kinematic viscosity                 | No data available | None known      |                          |
| Dynamic viscosity                   | No data available | None known      |                          |
| Explosive Properties                | Not explosive     |                 |                          |
| Oxidizing Properties                | No data available |                 |                          |
| Other Information                   |                   |                 |                          |
| Softening Point                     | No data available |                 |                          |
| VOC Content (%)                     | No data available |                 |                          |
| Particle Size                       | No data available |                 |                          |
| Particle Size Distribution          | No data available |                 |                          |
|                                     |                   |                 |                          |

#### **10. STABILITY AND REACTIVITY**

#### **Reactivity**

Reacts with other household chemicals such as toilet bowl cleaners, rust removers, acids, and ammonia-containing products to produce hazardous gases, such as chlorine and other chlorinated compounds.

#### **Chemical stability**

Stable under recommended storage conditions.

#### **Possibility of Hazardous Reactions**

None under normal processing.

#### Conditions to avoid

None known based on information supplied.

#### Incompatible materials

Toilet bowl cleaners, rust removers, acids, and ammonia-containing products.

#### **Hazardous Decomposition Products**

None known based on information supplied.

# **11. TOXICOLOGICAL INFORMATION**

#### Information on likely routes of exposure

#### **Product Information**

| Inhalation   | Exposure to vapor or mist may irritate respiratory tract.  |
|--------------|--|
| Eye Contact  | May cause eye irritation.  |
| Skin Contact | Prolonged contact may cause irritation.  |
| Ingestion    | Ingestion may cause irritation to mucous membranes and gastrointestinal tract, nausea, vomiting, and diarrhea. |

#### **Component Information**

| Chemical Name                    | LD50 Oral        | LD50 Dermal           | LC50 Inhalation |
|----------------------------------|------------------|-----------------------|-----------------|
| Sodium hypochlorite<br>7681-52-9 | 8200 mg/kg (Rat) | >10000 mg/kg (Rabbit) | -               |
| Sodium hydroxide<br>1310-73-2    | -                | 1350 mg/kg (Rabbit)   | -               |

#### Information on toxicological effects

Symptoms

May cause redness and tearing of the eyes.

#### Delayed and immediate effects as well as chronic effects from short and long-term exposure

Sensitization

Carcinogenicity

No information available.

**Mutagenic Effects** No information available.

The table below indicates whether each agency has listed any ingredient as a carcinogen.

| Chemical Name                    | ACGIH | IARC    | NTP | OSHA |
|----------------------------------|-------|---------|-----|------|
| Sodium hypochlorite<br>7681-52-9 | -     | Group 3 | -   | -    |

IARC (International Agency for Research on Cancer)

Group 3 - Not Classifiable as to Carcinogenicity in Humans

| Reproductive Toxicity  | No information available.   |
|--|---|
| STOT - single exposure   | No information available.   |
| STOT - repeated exposure<br>Chronic Toxicity<br>Target Organ Effects | No information available.<br>Carcinogenic potential is unknown.<br>Respiratory system, eyes, skin, gastrointestinal tract (GI). |
| Aspiration Hazard  | No information available.   |

#### Numerical measures of toxicity - Product Information

The following values are calculated based on chapter 3.1 of the GHS document No information available.

# 12. ECOLOGICAL INFORMATION

#### **Ecotoxicity**

Toxic to aquatic life with long lasting effects.

#### Persistence and Degradability

No information available.

#### **Bioaccumulation**

No information available.

#### Other adverse effects

No information available.

#### **13. DISPOSAL CONSIDERATIONS**

#### Disposal methods

Dispose of in accordance with all applicable federal, state, and local regulations.

#### Contaminated Packaging

Do not reuse empty containers. Dispose of in accordance with all applicable federal, state, and local regulations.

#### 14. TRANSPORT INFORMATION

| Acute Health Hazard               | Yes |
|-----------------------------------|-----|
| Chronic Health Hazard             | No  |
| Fire Hazard                       | No  |
| Sudden Release of Pressure Hazard | No  |
| Reactive Hazard                   | No  |

#### **Clean Water Act**

This product contains the following substances which are regulated pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

| Chemical Name                    | CWA - Reportable<br>Quantities<br>CWA - Toxic Pollutants |  | CWA - Priority Pollutants | CWA - Hazardous<br>Substances |
|----------------------------------|--|--|---------------------------|-------------------------------|
| Sodium hypochlorite<br>7681-52-9 | 100 lb   |  |                           | Х                             |
| Sodium hydroxide<br>1310-73-2    | 1000 lb  |  |                           | Х                             |

#### **CERCLA**

This material, as supplied, contains one or more substances regulated as a hazardous substance under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302)

| Chemical Name                    | Hazardous Substances RQs | Extremely Hazardous Substances<br>RQs | RQ  |
|----------------------------------|--------------------------|---------------------------------------|---|
| Sodium hypochlorite<br>7681-52-9 | 100 lb                   | -                                     | RQ 100 lb final RQ<br>RQ 45.4 kg final RQ |
| Sodium hydroxide<br>1310-73-2    | 1000 lb                  | -                                     | RQ 1000 lb final RQ<br>RQ 454 kg final RQ |

#### California Proposition 65

This product does not contain any Proposition 65 chemicals.

#### U.S. State Right-to-Know Regulations

| Chemical Name                    | New Jersey | Massachusetts | Pennsylvania | Rhode Island | Illinois |
|----------------------------------|------------|---------------|--------------|--------------|----------|
| Sodium hypochlorite<br>7681-52-9 | Х          | х             | х            | Х            |          |
| Sodium hydroxide<br>1310-73-2    | Х          | х             | х            | Х            |          |
